5. Strategic Plan

Council members provided feedback on progress made toward the Early Learning Strategic Plan, developed by the TELC in 2019 with Preschool Development Grant funding support. The discussion included:

- Early childhood inter-agency team efforts to establish a family-facing website of state agency resources and supports (Goal 3: Families are equipped with knowledge and tools they need to be their child’s primary caregiver).

- Children’s Learning Institute’s efforts to increase access to and use of child monitoring and screening tools on the CLI Engage platform (Goal 1: Early childhood programs in Texas are aligned to ensure children are ready to learn by kindergarten) and enhancements to Texas Early Childhood Professional Development System (TECPDS), including translation of all resources to Spanish, review of alignment and gaps in early childhood career lattices, and expanded reporting functionality (Goal 4: Early childhood professionals are well-qualified and have access to the supports and training needed to improve kindergarten readiness and the resources to ensure they have a successful career serving children).

- Texas Head Start State Collaboration Office (THSSCO) integrated various goals and strategies of the Early Learning Strategic Plan in its THSSCO strategic plan and federal grant application, available on the new THSSCO website.

- Starting in the 2021-2022 school year, Texas Education Agency will require all school districts to select one of two Kindergarten readiness assessments, narrowed from a longer Commissioner’s List of assessment options (Goal 6: Texas has strong coordination across its early childhood system and the underlying data system to support a high degree of collaboration).

- University of Houston-Clear Lake is offering the McCormick Center for Early Childhood Leadership Certificate for credit, enabling graduate and undergraduate students to build their leadership skills as part of their early childhood coursework (Goal 4).

- New NAEYC standards for higher education incorporate components of equipping families with community resources, which Houston Community College has added to its activities for students (Goal 3).

- Jerletha McDonald’s organization is creating a course to build on and enhance family child care providers’ leadership skills (Goal 4).

The Council will continue to discuss progress on the Early Learning Strategic Plan in future Council meetings.
